Federal Order No. 36

VOL. XXIII-NO. 1

## USDA Announces Changes in Purchase Prices

The U.S. Department of Agriculture announced changes, effective Jan. 17, in the support purchase prices paid by USDA's Commodity Credit Corporation for nonfat dry milk, butter and cheese.

Keith Bjerke, CCC executive vice president, said the changes would better reflect the market value of milkfat and nonfat components of milk, encourage milk producers to produce milk with a higher proportion of nonfat solids and promote greater commercial use of milkfat.

The support purchase price for nonfat dry milk will be increased by 6.20 cents per pound to 91.20 cents. The butter price will be reduced by 11 cents per pound to 87.25 cents.

These are offsetting adjustments of .50 cents per 100 pounds of milk. Because of the change in milkfat value, the CCC purchase prices for block Cheddar and barrel cheese will be increased to from \$1.11 to \$1.11375 and from \$1.07 to \$1.07375, respectively. The price support for milk remains at \$10.10 per hundredweight (cwt.) for milk containing 3.67 percent milkfat. The equivalent support price for milk with a milkfat content of 3.5 percent is \$9.94 per cwt.

## USDA Extends Filing Deadline

The U.S. Department of Agriculture is extending the deadline to March 2 for submission of proposals on alternatives to the Minnesota Wisconsin (M-W) price currently used to set minimum prices in all federal milk marketing orders.

Daniel D. Haley, administrator of USDA's Agricultural Marketing Service, said the extension is in response to an industry group request for more time to submit its

proposed alternative to the M-W price.

The M-W price is the average of prices paid to farmers in the Minnesota-Wisconsin area for manufacturing grade (Grade B) milk, or, milk eligible for use only in manufactured milk products.

"The proposals, to be discussed at a national hearing later this year, should come directly from the dairy industry and the public," Haley said.

Proposals should be mailed by March 2 to the Dairy Division, AMS, USDA, Rm. 2968-S, P.O. Box 96456, Washington, D.C. 20090-6456.
